

Take the bus or carpool...

The City of Madison's **rideshare/etc** is an online rideshare matching service which allows commuters to quickly find transportation options for carpooling, vanpools, transit, park and ride lots, and bike

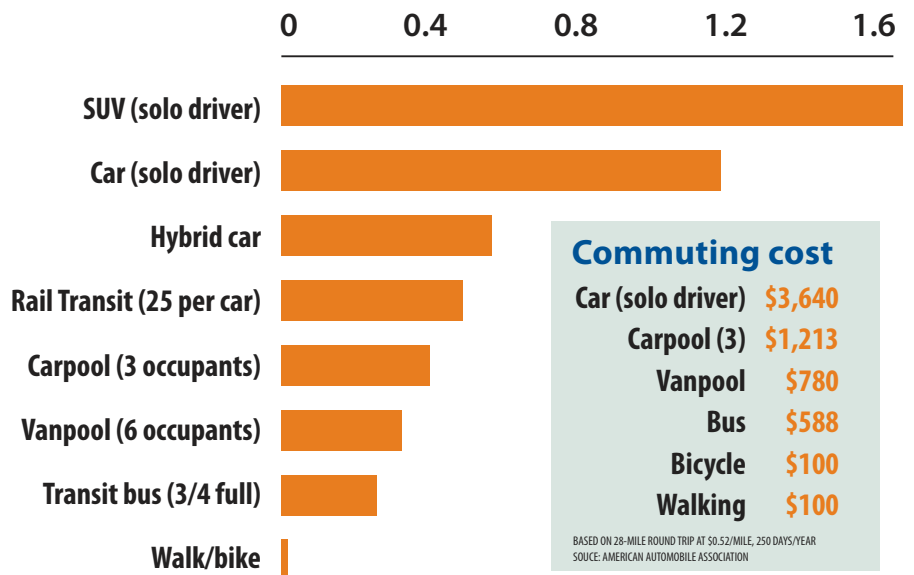

routes. Information provided to you is based on the choices you make when you register. For carpooling or vanpooling, the match report will show individuals with similar commutes and work hours.

Pedal Power

Madison and the surrounding communities have **miles of bike trails** to participate in this low-impact, aerobic activity.
